SUBSCRIPTIONS TO THE EVENING WORLD

PER MONTH ...

Entered at the Post Office at New York as secand class matter.

WORLD UPTOWN OFFICE-1207 BROADWAY. between 31st and 32d sts., New York. OKLYN - 359 FULTON ST. HARLEM -

A bill has been introduced in the Asthe New York Central and Hudson River the Fourth Avenue Tunnel. It was offered | boat. by Assemblyman Suzzun, a fearless. This is encouraging, and from an adin this branch of the Legislature, we will have something to be proud of. THE EVENING WORLD purposes to follow the course of this bill, to keep an alert eye for any attempt at unfair lobbying and to humanity.

The bill is fair and moderate. It asks by such mechanical or other devices or smoke, steam and such other atmospheric impurities as render traffic dangerous," and that it "shall be lighted and kept ployees of said steam railroad, operating trains in said tunnel, to see any obstructions on the tracks." The bill's object is

Mr. CHAUNCEY M. DEPEW, the Company's President, said at the Coroner's inquest an hour if he rushes into print in this way. that the Company's management was perfeetly willing to make the tunnel light, but with drinking to excess. He had been wanted the Legislature to direct it to first. What the New York Central will now do or abandon the ministry. Instricty is not lasters, have responded to an appeal by Mrs. may be watched with interest.

The fight of the public against this great labors. and unbending corporation goes on apace, and if right lends weight and strength victory should perch on its banners.

INVESTIGATION NECESSARY.

An investigation should be made into the charges against Joseph Banondass. who was accused of planning the attack against GREENBAUM's Jamaica ure of the Queens County Grand Jury to indict him makes it necessary. On the night of BARONDESS's arrest Inspector Byrnes gave out a detailed statement that BARONDESS was present at a meeting at 385 Bowery, on the night of March 7.h: that he sent a man out to buy vitriol; that he distributed it to the rioters, and, indeed, gave BARON-DEse's alleged remarks. The Inspector's informant, he said, was a striking cloakmaker who was present.

On the night of March 7th BARONDESS was in Newark, and there was no meeting at 385 Bowery. Then it was said that the meeting was at 131 Allen street on March 8th, and one ISAAC WEINSTEIN was brought forward as the police's informant. Before the Queens County Grand Jury yesterday, WEINSTEIN said he knew nothing person ally about BARONDESS, and had got all his ormation from the newspapers.

There is something about the case that has a queer look. WEINSTEIN did sign an affidavit before a Jamaica police magistrate implicating Baronness, whether or not he knew what the affidavit contained. Yesterday WEIN. ETEIN was discharged. If he committed perjury, he should be punished. But if he did not-It is here that investigation is necessary.

WILL PARNELL RESIGN?

Mr. HEALY has declared hunself ready to accept Mr. PARSELL's proposal that they should both resign their seats in Parliament and put the popularity of their respective claims upon the people to the test by then coming forward as candidates for re-election. The Parnellites of Cork have telegraphed to Mr. PARNELL pressing him for a prompt announcement of what he means to do in the face of Mr. HEALY's acceptance of his proposal.

The difference in feeling towards the late Irlsh envoys and that left for the partisans of Mr. PARNELL, who are now in this country soliciting contributions, is already noticeable. Thirty thousand doilars were subscribed to the former at their first reception ; seventeen hundred dollars to the latter.

Mr. Nonman, the Baltimore delegate to the Irish National League, says Mr. Pan-NULL's envoys have little to expect from that city and advises them to go home until the leadership is settled. Certainly they will do leadership is settled. Certainly they will do little good to Mr. Parnell, by bringing out a disinclination to contribute on the part of Irish sympathizers here. I had to acknowledge that I did not know, but remarked that if these statements were of fact, the information would be particularly interesting to the tax-paying public.
